

REMARKS

Non-elected claims 22-29 have now been cancelled. Further, independent claims 1 and 17 have been amended to recite that component (iv) must now be present in the composition. The amendment is made to ensure the claimed composition distinguishes over all of the prior art of record, in particular, the Examples in Table 2 of U.S. 4,686,204. In as much as the proposed amendment is a narrowing of the claims, no further issue of patentability is believed raised.

It is respectfully requested that the amendment be entered and claims 1-10, 14, and 17-21 remain allowed.
